

We Pray to God

We pray to God to help the poor
With all our hearts and tears.
Then all at once he's at the door.
We know the Savior's near.

He touches us within our sin,
We feel it in our soul
We ask in prayer please let us in,
So you can make us whole.

The Lord our hearts shall over fill
It's up to us to ask.
Commissioned then to do God's Will,
Shall be our greatest task.
